

## How long can your firm afford to be out of business?

How long will it take to recover from a technology disaster? You can protect your data and your business with Advance2000's proven secure Online Backup Solutions.

Data is at the core of your business. Your emails, customer records, documents, invoices – they're all data you can't afford to lose. A data disaster can be crippling for a business, and the cost of downtime can be tens of thousands of dollars! Backup irreplaceable data from your desktops, laptops and servers – with Advance2000's Saf-Gate Online Data Backup service.

**Saf-Gate** is secure online offsite backup. Online Backup protects your data by safely and securely replicating your files and data in our state of the art datacenter. Whether you need 30, 60 or even 90 days of backup, Advance2000 can meet your needs. We geo-redundantly backup and replicate your data so that your data is protected in the event of a local data loss.
