

ADVANCE2000

Our Why

At Advance2000, we are driven by a simple belief: we exist to empower our customers through technology. We believe that when companies are free from the complexities of managing IT, they can focus on what truly drives them—growth, innovation, and success. Our passion is in solving IT challenges, alleviating the burden of IT management, and enabling businesses to stay ahead of evolving technology trends while reducing risks. We enhance productivity and provide the transparency, oversight, and control needed to thrive. Our goal is to turn IT into a strategic advantage for our clients, helping them focus on their core mission; we handle the rest.

Who We Are

With over 30 years of experience, Advance2000 is North America's leading provider of managed private cloud services.

We provide IT guidance, strategic planning, risk assessments, high-performance cloud computing, telephony solutions, and exceptional support.

Our services cover the US and Canada, serving clients ranging from small businesses to Fortune 20 companies.

We operate across various industries, including:

- Architecture, Engineering and Construction (AEC)
- Law Firms
- CPA Firms
- Manufacturing
- Schools (K-12 and Higher Education)
- Hospitals
- Local Government and Municipalities

Advance2000 helps businesses thrive by transforming IT into a strategic advantage, enabling them to focus on what matters most while we take care of their IT needs. Trust, teamwork, and transparency define how we operate and how we help our clients succeed everyday.

Our Core Values

- **Trust:** We believe trust is earned through accountability. We deliver on our promises and communicate proactively, creating solid relationships with clients.
- **Teamwork:** Success comes from working together toward shared goals. We believe in supporting one another and building solutions that benefit everyone.
- **Transparency:** We foster open communication, encouraging honest and constructive conversations. This approach builds trust, inspires growth, and strengthens teams.

The Value We Provide

1. IT modernization
2. High-performance secure cloud services
3. Cost savings
4. Cybersecurity and risk management
5. 24/7/365 live monitoring and support
6. Simplified IT and transparent oversight
7. Managed backups and data protection
